BILL

You mean that bald robed dude?

RANDOM STUDENT 3

Bill, Ted that's Erathosthenes. The great mathematician, geographer, poet, astronomer, and music theorist. He invented THE PRIME NUMBER SIEVE.

TED

Ugh, prime numbers? Like he invented Prime rib steak houses?

RANDOM STUDENT 4

No, like 2,3,5,7,11, etc. Numbers that are only divisible by one and themselves.

BILL

Whoa, you little dudes are smart.

TED

Let's go get that bald dude. He will help us get out of this movie for sure!

THEY WALK OVER TO GET ERAT.

ERAT

Why hello great men from the future. I dreamt of your arrival.
